July 29, 2022

Dear Valued Customer(s),

Clarendon County is required by the South Carolina Department of Health and Environmental Control (DHEC) to inform you of information relating to your drinking water. Earlier this year, we had a monitoring sample deadline that was not met. Although this missed deadline was not and is not an emergency, we are required to inform you about it.

The Clarendon County Water and Sewer Department through its licensed operator inspects the water sources daily, and at no time was there a problem with the water. As the attached report shows, we did not send in a required monitoring sample for review.

We are pleased to say that we have been working with DHEC and have since returned to full compliance status. If you have any questions, please call us at 803-433-3255.

Sincerely,

A handwritten signature in black ink, appearing to read "Hunter Denny", with a stylized flourish at the end.

Hunter Denny, Director
Clarendon County Water and Sewer Department
